

## 2 Ribbon Pineapple Cushion

No written instructions yet.

Use the 3 Ribbon Pineapple Cushion pattern as your guide. Differences are:

1. The shell cluster row across the top is reduced by 8 shell clusters. In other words, crochet 20 shell clusters.
2. The pineapple begins with 18 trc, not 28 trc's as used in the 3 Ribbon pattern.

With those changes identified, it should be a snap to create this 2 Ribbon Pineapple Cushion, assuming you successfully created the 3 Ribbon Pineapple Cushion first.
